

GHOST ONE

The Ghost One is a universal adaptable remote arm that offers arm extension from 4.2m to 6m, offering short mode for close-quarter dynamics and long mode for all the reach needed for stunts and big reveals. Ghost One offers dual motors per axis - power and control in any situation, offering the most advanced Gyro stabilisation of any mobile crane. The gyro motor system works in unison with the hinged tail that flexes independently of its boom, allowing the vehicle to traverse jarring situations without transferring vibration down the arm. Powerful and durable, yet lightweight and intuitive, Ghost One is constructed from aerospace grade aluminium, carbon fibre and Kevlar.

SPEC SHEET

SPECS

Arm Length	SHORT MODE: 4.26m LONG MODE: 6m
Lens Height	3.42m
Tilt	33 degrees
Pan	360°
Max Rotations	+ - 3 rotations
Pan Speed Max	5 sec/360 degrees
Tilt Speed Max	1.5 sec/33 degrees
Max Payload Short Mode	36.28 kg
Max Payload Long Mode	29.48 kg
Max Vehicle Speed	160 km/h

GHOST ONE

Incl 12vPower + bnc video for wireless teradek

FLIGHTHEAD MINI V4 GPS, incl:

Zoom motor
Spare zoom motor
Shake generator
Joystick control
Wheels control
Camera power cables
XLR to D-Tap cables

ZERO RAINDEFLECTOR

Incl power
Incl spare glasses

PORSCHE CAYENNE

MONITORS

2x 17" TV logic monitors
2x 9" High bright TV logic monitors
Incl focus assist and waveform
1x 5" High bright TV logic monitor

PLAYBACK DEVICE

PIX EX-7 incl Harddrive

INTERCOM

Digital wireless Clearcom system
5 beltpacks
3 earpieces
Speaker

12V & 24V STABILISED CAMERA POWER

36V STABILISED HEAD POWER

MULTIPLE 12V OUTPUTS

MULTIPLE BNC VIDEO OUTPUTS

DIMENSIONS

SHORT MODE: 4,26m

LONG MODE: 6m
